## SEWER LINE EVALUATIONS

**Homeowners:** If you are thinking of selling your home. Please contact the District Office to get a Sewer Evaluation started on your home. The District requires an evaluation on all properties and currently there is no charge for this evaluation. Your escrow company will usually request the assessment; however, in the busy market season, you may wish to obtain the assessment in advance. Just call the business office or send an E-mail to [clerk@kootenaiponderaysewerdistrict.org](mailto:clerk@kootenaiponderaysewerdistrict.org).

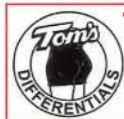

## PLANNING LANDSCAPING PROJECTS?

When planning new projects please be aware of any easements on your property as well as the locations of your lateral and lateral clean out. You do not want to cover your clean out or lateral with any new patio decks or ornate shrubbery. If an emergency arose it would require removing or digging up your landscaping for making repairs.

Also, did you know that specific trees such as Willows, Dogwoods and Elderberry do well in wet areas; and nothing beats a Cottonwood for seeking out water? However, these beautiful trees in their search for water could invade your lateral causing damage and back-ups in your system. Plant these trees far away from your plumbing to avoid possible costly repairs.

**Thank you to the following businesses and the many others who so graciously donated to the District's Help your Neighbor program.**
